

Information for Camera-Crew

Who:

Zsportsmedia LLC is a Richland based multi-media company specializing in web-design, video, photography, and internet ventures. Our latest project is to broadcast High School, youth and local events on the web (live and tape delay).

What:

We are putting together broadcast crews to film local sporting events in the region. It will be necessary to have 1-3 cameramen at each event. Select events will include some form of professional commentary (play-by-play and color). The events will be broadcast live and tape-delay on the internet. We are scheduling events year-round. We anticipate 1-3 events per week.

Pay:

Camera-crew will be paid anywhere from \$20 and up per game depending on the event length. There may be opportunities to work mid-week shoots such as interviews, etc. Camera-crew work as independent contractors, therefore they are not paid benefits, and they are responsible for their own taxes. Each person working the camera crew will need to fill out a 1099 for tax purposes (form will be supplied).

When:

We maintain a flexible program schedule but there will be events available year-round. Once a schedule of events is created we will allow camera-crew to sign up for as many events as they would like. It will also be necessary to have a sub list in case someone can't make it.

Where:

Events will be taped in various locations around the state including; Tri-Cities, Walla-Walla, Sunnyside, Yakima, Wenatchee, & Moses Lake. If you are available for remote events let us know.

How:

Some events will be produced as a live show; some may be taped and produced later on in the studio. Each camera will either save to tape or to hard-drive. Equipment will be provided for each event. If you have your own camcorder, we may ask you to film an event and send us the tape. We will also hold training sessions as necessary so that everyone feels comfortable using the equipment.

Next Steps:

If you are interested, reply back and we will send you an application form. We will then contact you as events become available.
